Reach Higher

National Geographic Learning
Grades 1–6

Learn More

Reach Higher guides students to learn English, learn about the world, and learn about themselves through authentic content with a global perspective. The program uses National Geographic science and social studies content and authentic literature to build content knowledge and develop English literacy through enquiry-based learning. Students work with the content to develop critical-thinking, problem-solving, and analytical skills needed to succeed in their academic studies.

Reach Higher provides students with the skills and strategies to understand stories and literature, and to work with more complex texts that include facts and background knowledge in the subject areas of science and social studies.

Reach Higher teaches the language students need – vocabulary, phonics,

reading, writing, and conversations – to work with authentic academic content in English.

- ▶ Cross-curricular, six-level program showcases original fiction, science, and social studies content to develop English literacy skills.
- ▶ Academic skill-building with phonics support develops students' understanding of different cultures while fostering independent learning.
- ▶ All-in-one Classroom Presentation Tool provides the resources teachers need to prepare for, address, and assess a comprehensive range of instructional priorities and requirements.
- ▶ Read on Your Own phonics readers use fiction and non-fiction texts to reinforce the phonics and high-frequency words in Reach Higher through science and social studies content.
- ▶ Supports Common Core State Standard and WIDA Standard Framework
